(e) Cash dividends declared per-share	N/A	N/A	N/A

1.4 Results of Operations

The loss for the three months ended June 30, 2007 (“Second Quarter”) was \$5,528 as compared with an income of \$20,401 for the comparative period for the previous year. This is mainly due to less gain on sale of securities of \$30,056 compared to \$55,599 of the previous year..

Operating expenses for Second Quarter amounted to \$38,613 (2006 - \$33,053).

The Company received interest of \$9,884 (2006 - \$3,211) during the Second Quarter.

1.5 Summary of Quarterly Results

Diluted earnings (loss) per share	\$(0.00)	\$(0.01)	\$0.01	\$(0.06)	\$0.00	\$0.01	\$0.04	\$(0.01)

1.6 Liquidity

The Company has no revenue generating projects at this time. The Company's historical capital needs have been met by equity subscriptions. The Company will require additional financing to fund any property acquisitions as well as exploration programs on any properties it acquires. As at June 30, 2007, the Company's working capital was 1,880,403 (compared to \$1,080,669 at December 31, 2006). The ability of the Company to successfully acquire and develop properties in the resource sector is conditional on its ability to secure financing when required. The Company proposes to meet any additional financing requirements through the exercise of outstanding stock options and warrants, or arranging other equity financing, and/or finalizing a joint venture agreement with a partner(s) who will be able to assume the costs of recommended exploration programs. In light of the continually changing financial markets, there is no assurance that funding by equity subscriptions or finding a joint venture partner will be possible at the times required or desired by the Company.

1.7 Capital Resources

The Company currently does not own any mineral properties but is actively seeking properties of interest.

1.8 Off Balance Sheet Arrangements

There is no off-balance sheet arrangements to which the Company is committed.

1.9 Transactions with Related Parties

During the three months ended June 30, 2007, the Company paid consulting fees of \$9,500 (2006 - \$10,500).

There are no formal agreements for the related party transactions described above.

1.10 Proposed Transactions

None.

1.11 Changes in Accounting Policies

Effective on January 1, 2007, the Company adopted the following new accounting standards issued by the Canadian Institute of Chartered Accountants relating to financial instruments. These new standards have been adopted on a prospective basis with no restatement of prior period financial statements.

1.12 Financial and Other Instruments

The carrying value of cash and cash equivalents and accounts payable approximate their fair values due to the short maturity of those instruments.

1.13 Outstanding share data

At the date of this report, the Company has 8,335,976 issued and outstanding common shares.

1.14 Disclosure Controls and Procedures

Disclosure controls and procedures are designed to provide reasonable assurance that material information is gathered and reported to senior management, including the Chief Executive Officer and Chief Financial Officer, as appropriate to permit timely decisions regarding public disclosure.

Management, including the Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on this evaluation, the Chief Executive Officer and Chief Financial Officer has concluded that the Company's disclosure controls and procedures, as defined in Multilateral Instrument 52-109 – Certification of Disclosure in Issuer's Annual and Interim Filings ("52-109"), are effective to ensure that the information required to be disclosed in reports that are filed or submitted under Canadian Securities legislation are recorded, processed, summarized and reported within the time period specified in those rules. In conducting the evaluation it has become apparent that management relies upon certain informal procedures and communication, and upon "hands-on" knowledge of senior management. Management intends to formalize certain of its procedures. Due to the small staff, however, the Company will continue to rely on an active Board and management with open lines of communication to maintain the effectiveness of the Company's disclosure controls and procedures. Lapses in the disclosure controls and procedures could occur and/or mistakes could happen. Should such occur, the Company will take whatever steps necessary to minimize the consequences thereof.

1.15 Internal controls and Procedures over Financial Reporting

Management is also responsible for the design of the Company's internal control over financial reporting in order to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with Canadian generally accepted accounting principles. As is indicative of small companies, the lack of segregation of duties and effective risk assessment were identified as areas where weaknesses existed. The existence of these weaknesses is to be compensated by senior management monitoring which exists. The Company is taking steps to augment and improve the design procedure and controls impacting these areas of weakness over internal control over financial reporting. It should be noted that a control system, no matter how well conceived or operated, can only provide reasonable assurance, not absolute assurance, that the objectives of the control system are met.

1.16 Subsequent Event

- N/A
